

Large Shop Registration Discount Program

This year, AFP Massachusetts Chapter will offer a large shop discounted registration fee for organizations that want to purchase bulk conference registrations.

Organizations purchasing 10 or more registrations can pay a lower fee for the non-members in the group, representing a savings of \$75 per non-member registration.

Organizations purchasing 20 or more conference registrations will pay a flat rate of \$240 per registration, regardless of the pricing at the time (Early Bird, Advanced, or Regular Rate.)

Please contact the chapter office at info@afpmass.org to ask about our large shop discount program. Following receipt of payment from the organization, the chapter office will send a discount code and instructions on how to register that the organization can share with its employees.

There is no eligibility requirement to get the “large shop” rate, other than having at least 10 employees who will attend the conference.

Full scholarships are also available for those who qualify. For questions regarding our scholarship application process, please see our Scholarship web page or contact the chapter office at 781-894-3140 or by email info@afpmass.org.
