Meet the Funders Panel Discussion

Topic: Corporate and Foundation Relations (CF)

Does it seem harder to obtain grant funds lately? It is not just your imagination! In an increasingly competitive landscape, join our panel of funders from a community foundation, a family foundation, and corporate foundation to discuss trends and the new funding reality. This no-holds-barred panel will explore factors influencing giving decisions and discuss the way

funders and grantees can work together to improve our communities. Come with your questions for this interesting, end-of-the-day dialog.
